Under section 12 of the *Public Records Act 1973*, the Keeper of Public Records is responsible for the establishment of standards for the efficient management of public records and for assisting public offices to apply those standards to records under their control. Officers in charge of public offices are responsible under section 13 of the Act for carrying out, with the advice and assistance of the Keeper, a program of records management in accordance with the standards established under section 12 of the Act.

1 Introduction

1.1 Purpose of this Authority

The purpose of this Authority is to provide a mechanism for the disposal of public records in accordance with the *Public Records Act 1973*.

The Authority:

- identifies records which are worth preserving permanently as part of Victoria's archival heritage
- prevents the premature destruction of records which need to be retained for a specified period to satisfy legal, financial and other requirements of public administration, and
- authorises the destruction of those records not required permanently.

1.2 Context of this Authority

1.2.1 Public Record Office Victoria Standards

This Authority should be used in conjunction with the standards issued by the Keeper of Public Records under section 12 of the *Public Records Act 1973*. Copies of all relevant PROV standards, specifications and regulatory advice can be downloaded from www.prov.vic.gov.au. These documents set out the procedures that must be followed by Victorian public offices.

1.2.2 Disposal of records identified in the Authority

Disposal of public records identified in this Authority must be undertaken in accordance with the requirements of Public Record Office Standard PROS 10/13 *Disposal*.

It is a criminal offence to unlawfully destroy a public record under s 19(1) of the *Public Records Act 1973*.

The destruction of a public record is not unlawful if done in accordance with a Standard established under s 12 of the *Public Records Act 1973*.

This Standard (also known as an Authority) authorises the disposal of public records as described within its provisions. However, disposal is **not** authorised under this Standard if it is reasonably likely that the public record will be required in evidence in a current or future legal proceeding.

For the purposes of this Retention and Disposal Authority, a 'legal proceeding' has the same meaning as the *Evidence (Miscellaneous Provisions) Act 1958*, and includes any civil, criminal or mixed proceeding and any inquiry in which evidence is or may be given before any court or person acting judicially, including a Royal Commission or Board of Inquiry under the *Inquiries Act 2014*.

If the public office identifies that public records must be retained under other applicable legislation for a period that exceeds the retention period specified under the Standards, then the longer retention period must apply.

1.2.3 Transfer of records to Public Record Office Victoria

Contact Public Record Office Victoria for further information on procedures for transferring permanent records to archival custody.

1.2.4 Normal Administrative Practice

PROS 22/04 Disposal Standard authorises the destruction of some public records under Normal Administrative Practice (NAP) principles. Low value facilitative records described below are authorised for destruction by *PROS 22/04* under NAP principles:

- working documents, such as notes or calculations, used to assist in the preparation of other records
- minor drafts and transitory documents, where the content is reproduced elsewhere, and the information will not be needed to show how the work has progressed or actions approved
- minor updates of content, such as those in databases, which will not be needed to show actions, decisions, or approvals
- communications for the purpose of making minor arrangements
- duplicate copies. ephemeral material of a facilitative nature created, acquired or collected by public officers during the course of their duties.

1.3 Use of Other Authorities

In applying the disposal sentences set out in this Authority, reference should be made to other current Authorities where applicable. Where there is a conflict between two Authorities (for instance this Authority and the General Retention and Disposal Authority for Records of Common Administrative Functions), consult the Public Record Office Victoria for advice.

1.4 Explanation of Authority Headings

CLASS NUMBER

The class number or entry reference number provides citation and ease of reference.

DESCRIPTION

The description of each record class is specified in this entry. A record class is a group of records that relate to the same activity, function or subject and require the same disposal action.

STATUS

This entry provides the archival status of each class - either permanent or temporary.

CUSTODY

This entry specifies whether the records are to be retained by the public office or transferred to the Public Record Office Victoria.

Permanent electronic records are to be transferred in VERS Encapsulated Object (VEO) format according to PROS 99/007 *Management of Electronic Records* (Version 2).

The storage of public records identified in this Authority must also be in accordance with the requirements of Public Record Office Standard PROS 11/01 *Storage*.

2 Concurrence of Public Office

This Authority has the concurrence of:

Name: Peter Harris

Date: 14/9/2004

Signature: [Signed]

Position: Secretary

3 Establishment of Standard

Pursuant to Section 12 of the *Public Records Act* 1973, I hereby establish these provisions as a Standard (also known as a Retention and Disposal Authority) applying to the records of the Department of Primary Industries.

This standard as varied or amended from time to time, shall have effect for a period of ten (10) years from the date of issue unless revoked prior to that date.

[Signed]

Justine Hazelwood
Keeper of Public Records

Date of Issue: 25/10/2004

4 Acknowledgments

PROV would like to thank the following people for providing their knowledge and expertise and helping to create this Authority:

Tim Weston
